You are invited to the second public meeting for the South Shore Corridor Study

Since March, the City, Regional Transportation Authority, and the 7th Ward have been working with the community to envision a vibrant, thriving future for East 75th and East 79th Streets, between Stony Island Avenue and Lake Michigan. At this second public meeting, you will have the opportunity to:

- View demographic, economic and other data that tells the story of the South Shore community
- Hear a summary of community input from the first workshop
- Provide input on initial ideas for action the City and its community partners can take to move these corridors forward

A brief presentation will be given at around 6:10 p.m., followed by an interactive exercise and opportunity for Q&A.
